

HOW CAN MANY ADVOCATES OF LPFM FEEL THAT THERE IS LITTLE VALUE IN NATIONAL/REGIONAL SERVICES?!?!? My K-LOVE (FM 91.1, Denver, CO) is the ONLY station we'll listen to. Why? Let me tell you: (1) K-LOVE is one of two stations that I can listen to with my 3-year-old, and not worry she'll hear the absolute GARBAGE that is allowed over the other stations; K-LOVE is uplifting, positive, encouraging, which helps me, and my family, be better people; what community wouldn't benefit from that? (2) If K-LOVE were replaced with an LPFM broadcaster, MANY lives will be effected; people that, in a time of need, would not have K-LOVE to turn to, and that could mean more divorces, more abuse, more violence, more suicides, and so on; those of us who rely on the love and support K-LOVE supplies would be left without any clean, nonviolent, moral/ethical radio to listen to. And, (3) Without K-LOVE, how can Christians, who PAY to have this radio station on, serve others they don't even know via radio if K-LOVE is taken off the air? Many people would remain lost, without direction, and it is these people, both near and far, we hope to help and serve. PLEASE, PLEASE do not take my K-LOVE away from me! Thank you, and God Bless!!
